

Visthara & Cloth Bag Products

Our Save Globe plates are made from Visthara aakulu or also called as Bahuniya leaves which are compostable and biodegradable. Our natural leaf products are 100% eco friendly and biodegradable green products which our world is looking at. Our eco friendly plates are best substitute for plastic plates and styrofoam plates. The natural leaf is collected and pressed along with paper so that it gives stiffness for buffet plates. These natural leaf buffet plates are best fit for your parties and also at your school or office canteen.
